

# HEARD IT ON THE STREET

This committee is a resource to our chapter members who are interested in posting a job opening or who may be looking themselves for a new career opportunity. When we are made aware of an opening we will put a brief article in the Hard Hat and post the full job description on our website. Please email the Committee Chair if your company is hiring or if you hear of other construction companies in need of qualified women and we will alert our members.

Also, any chapter member looking for a new position can email the Committee chair a brief description of the type of position in mind and we will post that to the Hard Hat.

*Committee Chair*

*Shirley Calvey, CIT*  
*Calvey Consulting LLC*
