

The member spotlighted this month is Betty Kearney; she is someone who I think exemplifies the meaning of NAWIC. Betty is willing to do just about anything, at any time, for anyone; whether it is for you individually or for NAWIC as the organization. As with many of our members she was exposed to NAWIC through a friend who was a member. Betty joined and started her involvement 24 years ago and as she will tell you "the rest is history"

Betty has been treasurer for two years and on the Board of Directors for several years. She has served on various committees including: Block Kids, Applewood, Industry Appreciation, Night at the Races (her favorite NAWIC event), and most recently co-chairing our recent Bowling Party (which will benefit MAGIC Camp). "I enjoy the many women I have met, our monthly meetings, the variety of speakers and the committees I've worked on over the years".

In addition to NAWIC, Betty likes to go to the theatre, Square Dance, attend her grandchildren's activities, and you may want to ask her about celebrating her own birthday. Something that was learned "unexpectedly" about Betty – she worked in advertising and photography and was unemployed when she attended that first NAWIC meeting. She gave her resume to Carol Duskocil (networking at its best) and has been working in construction with the same company ever since.
