You are invited to attend the ACE New Mentor Breakfast!

The ACE Mentor Program of Cleveland is seeking new mentors for the 2011-2012 school year. You are invited to join us for an informational session on how your organization can participate in ACE and introduce high school students in Northeast Ohio to careers in the architecture, construction, and engineering industry.

The ACE program relies upon committed, energetic mentor participation from Cleveland's leading design and construction firms. By acting as professional role models, these mentors make a significant contribution to the community, while helping to develop the professionals who will lead tomorrow's building industry.

Date: Wednesday, July 13, 2011
