

NAWIC

CLEVELAND CHAPTER #156

Presents

SKIRTS AND DIRT

Cleveland Chapter #156 is introducing a “Skirts & Dirt” demonstration at the Operating Engineers Local #18 Training Center. This event will be held on **Thursday, March 3, 2011** at the Operating Engineers Training Center located at 4675 Newton Road, Richfield, Ohio, 44286.

This event will provide NAWIC Chapter #156 members hands-on experience operating various types of construction equipment. Our members have a diverse occupational background – some have never even been on a job site and therefore have never operated a piece of equipment. Members of Operating Engineers Local #18 will be there to lend a hand or to teach our members the ins and outs of equipment function. You can never say you haven’t operated any of these pieces of equipment again!

The event is part of our regular monthly meeting and will begin with registration at the Operating Engineers Training Center at 5:30 p.m. with the **demonstration to start promptly at 6:00 p.m.** This will be followed by **dinner at 6:45** (or so) with a meeting immediately after dinner. The demonstration will be held inside their large training center, so even if the weather doesn’t cooperate, the event will still be held. **There is a \$15.00 charge for the dinner and a waiver of liability will need to be signed; please see page 2.** Hard Hats are not necessary, but appropriate dress is recommended.

**Operating Engineers #18 Training Center
4675 Newton Road
Richfield, OH 44282
(off Broadway Road in Richfield)**
