

## **2010 COLLEGE "RICH DIGERONIMO CONSTRUCTOR FOR A DAY" Wednesday, September 29, 2010**

The Ohio Contractors Association (OCA) Cleveland Chapter and the Construction Employers Association (CEA) are sponsoring the 25th Annual College "Rich DiGeronimo Constructor For A Day" program. This program provides an opportunity for college students majoring in construction to see firsthand practical applications in their field of learning by spending an entire day touring local job sites and facilities.

We need contractors, owners, company officers, management personnel, estimators, project managers and superintendents to spend their day or a portion of their day with the students of these great local colleges and universities:

***The University of Akron  
Bowling Green State University  
Case Western Reserve University  
Cleveland State University  
Cuyahoga Community College  
Kent State University  
Lakeland Community College***

By exposing these students to your construction projects and having them meet the successful people who represent the construction industry, we intend to keep this talent here in the Northeast Ohio area.

Once again we are offering hosting companies the opportunity to set-up tables for the purpose of providing a networking experience for our students. Please review the program schedule and indicate on the enclosed sign-up forms in what way(s) you would like to participate. If you cannot host, please consider a donation in any amount to help defer our costs for breakfast and in general.

We realize that economic conditions have not been ideal and you are being asked to contribute to many other worthwhile causes as well. However, we humbly ask your support in this, our 25<sup>th</sup> anniversary year, as we hope to continue the overwhelming success of this program and provide an extra special experience for everyone involved!

***PLEASE SUPPORT THIS REWARDING EVENT! THANK YOU!***
